Grantee Comments:	We are under-enrolled for the number above and have been for sometime after our partnership classes (they provided space) ended leaving us with no space to serve children & nothing suitable available. Given the need in our area, we asked to convert. Our conversion request was granted a few days ago. Our new HS number is 344. The new EHS number will be 168 for a total of 512 children. We are beginning to plan the needed remodeling to serve the added EHS children.

Grantee Comments:	The duration portion of our HS program is granted to serve 190 children. It started for the year in early July. This month we are one child over with 191. No classroom is over the number that can be served with the square footage/staff available.

Grantee Comments:	The EHS year started in early July. We have a number of children transitioning to Head Start. Filling our EHS classrooms in rural Russell County has become a challenge because sources of jobs have moved away, as have younger people. Our criteria for EHS center based children is child of parent working or in training. However, we do not have enough working moms in Russel County so in that center we offered that an EHS child can be in the center 90 days to give time to find a job. That increased the enrollment in that center to only one child short for a total of 151 EHS children. Since we are one over in HS, we are at full enrollment for the combined programs. We will continue to monitor and work with the changing situation in this rural area.

Grantee Comments:	Our conversion recently was approved for 344 Head Start and 168 Early Head Start for a total of 512 children. Until we complete renovation of classroom space we do not have space for the additional 16 EHS children. Other than those 16, we are fully enrolled.

Grantee Comments:	We are in the conversion process. We are trying, before we restructure to open the two conversion classrooms, to move their location to eastern Lee County to better meet the need as shown in the CNA. We are in negotiations with a potential partner for the needed space.
