| Grantee Comments: | King Center and two Edelman Center classrooms closed in May. The remaining classrooms are duration. They closed in June; will open for the new center in Juyl. Because of drops toward the end of the year, classes were slightly under-enrolled in June. | | | | |

| Grantee Comments: | We have continued to have problems staffing 5 EHS classrooms and a home based slot. EHS closed in late June and will reopen in July. We were able to hire to staff one additional classroom and it is fully enrolled. | | | | |
