Last Updated:	On 11/07/2022 05:33:35 PM, EST by Shatavia Holmes				
Grantee Comments:	<p>This month ACHR Head Start program had a total of 255 children. At Edelman HS, we are diligently recruiting to fill slots in Head Start, the challenge in this area is that it is extremely rural. However, we are diligently recruiting to fill all vacant slots and have made progress since last month.</p> <p>*Documentation utilized to capture enrollment: Child Plus Reports-2001,2125, 2005</p>				

### Early Head Start

	<i>Operated this month</i>	<i>Last day of services provided</i>	<i>Reported Enrollment</i>	<i>Funded Enrollment</i>	<i>Grant Status</i>
	Yes	Oct 31, 2022	146	192	Reported

Grantee Comments:	<p>This month ACHR Early Head Start program had a total of 146 children. We are diligently recruiting to hire staff to open two remaining classrooms at Darden. However, we opened an additional EHS classroom this month at the Darden center that was closed due to staff shortage. The Home-Based program is having difficulty filling slots due to parents willing to let staff in their home and potential need of the service in some areas. However, we are diligently working on a solution and staff recruitment.</p> <p>*Documentation utilized to capture enrollment: Child Plus Reports-2001,2125, 2005</p>
